

To the members of the
International Gliding Commission of the FAI

Date: 18th December 2018

Official Invitation to the International Stendal-Glide 2019

Ladies and Gentlemen,

in just 7 months from now, the Deutscher Aero Club (DAeC) together with the AERO-Club Stendal will start the International Stendal Glide 2019 together with the German Nationals in Open and 20m-Doubleseater classes. This will be the preparation for the 36th FAI World Gliding Championships 2020 which will take place in Stendal, Germany.

We have the great pleasure to invite our Gliding friends from all FAI-countries to participate one year before the WGC 2020 will be held in Stendal as well to our International competition in 2019.

Some of your members already entered for the contest, and the 20m Doubleseater class is already well occupied. But there are still plenty of slots available in Open and 18m-Classes. The 18m-Class is also open for up to 10 German pilots.

Entries may be submitted using our online form at www.segelflug-dm.de/en/entry/ until March 31st, 2019.

Entry fees will also have to be paid by then.

The Local Procedures will be published until end of January 2019.

With best regards from the organizing team,

Walter Eisele
Chairman of Gliding Commission

AERO-Club Stendal e.V.
