05.11.2019

Invitation

The Fliegerklub Brandenburg EDDB is organising the **Women's German Gliding Championships** on behalf of the Gliding Commission of the German Aero club DAeC from 03.07.2020 to 11.07.2020. (women's championship with general Qualification Brandenburg)

The objectives of the Women's Championships are to select the champion of the WGGC, to encourage the development of the competitive ability of female glider pilots, to motivate young pilots, to collect competition experience, to enhance the proficiency level in comparison with experienced pilots and last but not least to encourage the development of safe operational procedures, good sportsmanship and fairness in the sport of soaring.

Male and female pilots compete together and fly the same task. They will be scored in each competition class on the basis of the pilot's performance. In addition the female pilots will be scored separately in order to award the title Women's German Gliding Champion and to generate the Female National Gliding Team. The female pilots from other NACs will be scored Hors Concours.

The Women's Championship will be run in 3 classes: 15 m class, Club Class and Standard Class. The entries are limited to 75 pilots. Female pilots have priority. The registration period is from 10.11.2019 to 24.11.2019.

The organizer, Fliegerklub Brandenburg and the DAeC, would be very happy to welcome female pilots from the neighbouring countries for the Women's German Gliding Championships 2020.

The airfield and the town Brandenburg are located in the middle of beautiful Havelland in a natural paradise, where you can circle with the eagles.

Further information on registration please contact:

<https://www.fliegerklub-brandenburg.de> or vorstand@fliegerklub-brandenburg or segelflug@daec.de

We look forward to seeing you at the airfield Brandenburg-Mühlenfeld

Walter Eisele

President of the Gliding Commission of the DAeC
