AERO CLUB OF POLAND

21ST FAI EUROPEAN GLIDING CHAMPIONSHIPS
29 JULY – 12 AUGUST 2023
LESZNO, POLAND

Dear Friends,

On behalf of the Leszno Aero Club and Leszno Airfield Foundation I am honoured to invite all glider pilots to compete in the **21st FAI European Gliding Championships**.

EGC2023 will be held in three classes: Open Class, 18 metre Class and 20-metre Multi-seat Class at the Leszno Airfield (EPLS) from 29th July to 12th August 2023.

Leszno Airfield is one of the most famous sport airfields in Europe, where you can find a safe area for long and fast flights (the speed record of 170 km/h on the distance of 360 km was set last year!). EGC2023 will also be the crowning achievement of the long and rich history of gliding in Poland. In 2023, we will celebrate the 100th anniversary of the first gliding championships in our country!

Despite the difficult times, including the tragic conflict in Ukraine (which fortunately is more than 700 km away from us and has no impact on the operations at Leszno Airport) we believe that it will be a great, exciting and safe championship.

Looking forward to seeing you in Leszno next summer!
